MACEO IN HAYANA.

The Insurgent Leader Seen and Interviewed.

HE IS IN THE FIGHT TO WIN.

Nothing But Cuban Independence Will Satisfy the Insurgents—He Hopes That the United States Will Recognize Them as Belligerents—General Lee Denies Sending a Report to the President.

NEW YORK, June 24.—The World says: William Ryan, collector of internal revenue for the eastern district of Virginia, who has just returned from Havana had a personal interview with General Antonio Maceo, the commander-in-chief of the insurgent forces, stationed in Pinar del Rio province. According to Mr. Ryan, General Maceo was in the very heart of Havana city last Monday and more than that, had his picture taken and handed a copy of the same to Mr. Ryan so that he might show it to the president and to General Lee. Maceo came to Havana and then a friend conducted Mr. Ryan to the place of meeting. Maceo was in disguise. He was dressed like a poor peasant. He was in perfect health and hopeful of success for the Cuban arms.

"Yes, I saw General Maceo," said Mr. Ryan. "I had a long talk with him. Yes, I told General Lee all about it and he knows what Maceo told me."

Mr. Ryan was asked whether he asked General Maceo if he was in favor of annexation of Cuba.

"I did mention this to him," said Mr. Ryan. "His reply was: 'I am a soldier. I am here to make war. I am going to continue to fight Spain until Cuba shall be free. I know nothing about diplomatic relations.'"

During the interview General Maceo was surrounded by three of his commanders who had accompanied him to Havana.

"I think he came to Havana to see some of the leaders of the revolutionary party," said Mr. Ryan. "He was awaiting news from the United States. He said he hoped the United States will recognize the Cubans as belligerents."

"Our only hope lies in the action that may be taken by your country," is what General Maceo told Mr. Ryan.

Another important feature of Mr. Ryan's trip is that he personally visited the trocha, unknown to General Weyler, and he intimates that General Lee, too, has seen the trocha.

Another Expedition For Cuba.

NEW YORK, June 24.—A morning paper says that Dr. J. D. Castillo, a member of the Cuban junta, is in Baltimore fitting out an expedition which he will lead to Cuba. It is said that he has bought a steamer, which will take one of the largest expeditions ever sent to Cuba. The cargo will consist of 25,000 rifles, 1,000,000 rounds of ammunition, 2,000 machetes, three tons of dynamite and seven Hotchkiss guns. This expedition is going to Maceo's camp.

General Lee Has Made No Report.

HAVANA, June 24.—The United States consul general, General Fitzhugh Lee, denies, not diplomatically, but absolutely, the statement published that he has sent important reports to President Cleveland by a special messenger. He wires that he has not sent any report to Mr. Cleveland by messenger or in any other way.

For Sanguilly's Release.

WASHINGTON, June 24.—A written request has been filed with the state department that the good offices of the United States be exerted with Spain toward securing the transfer of Julio Sanguilly from Havana to Madrid, there to be released on bail or parole until final action is taken on the appeal in his case.

TURKISH ATROCITIES.

Shops of Christians Marked and Another Massacre is Feared.

NEW YORK, June 24.—A dispatch to The Herald from Athens says: A letter from a most trustworthy official source, and brought by special messenger from Canea, states that on June 19 two French officials from the Neptune, in company with the chancellor of the French consulate, were walking on the quay, when a group of Turkish soldiers began to curse them as "Gaiours" and indulged in other insulting remarks.

One of the Turkish soldiers drew his sword, but was seized by other persons, who thus prevented him from carrying out his threat. The French consul protested to the governor general, but up to the present it is not known if satisfactory excuses have been made to the French officers.

From the same unimpeachable source it is learned that the Turks are marking the shops of Christians with the sign of the cross. The Austrian consul, having noticed that the bureau of the Austrian post was thus marked, drew up a protest to the governor general. This marking of the houses of the Christians has caused intense excitement among the people, who fear that massacres are intended at Canea.

The Italian consul at Canea has received orders to hold himself in readiness to co-operate with other consuls to intervene toward the restoration of peace.

News from Smyrna is to the effect that Shalir Pacha has been directed to go to Beyrout with soldiers. Twenty-five hundred troops are to go to Crete from Smyrna, and 2,000 to Salonica from the interior. New troops are to go to Smyrna.

CANADIAN GOVERNMENT DEFEATED.

Result of the Election Held Throughout the Dominion Yesterday.

TORONTO, June 24.—While the returns from the Dominion election are not all in they are sufficiently near completion to indicate a decided defeat for the government. The Catholic vote, upon which the ministry relied, has utterly failed to go Conservative. Quebec, which in the last election gave the Liberals a majority of only 5 votes and which on the strength of the remedial legislation to which the government is pledged was expected to go strongly Conservative, has wheeled around and given the Liberals from 20 to 25 majority.

In Toronto the fight was a straight one as regards the separate school issue and the anti-carried all four seats by large majorities.

Great interest was taken in the fight in Winnipeg city between Joseph Martin, Liberal, author of the bill abolishing separate schools in Manitoba, and Hugh John McDonald, son of Canada's former premier, Sir John A. McDonald. McDonald won, his personal popularity carrying him through.

The general results show disastrously for the government. Conservatives, 65; Liberals, 95; Patrons, 2; Independents, 7; leaving 41 seats to be still held from. If these seats follow, the complexion of the last election, Mr. Laurier the liberal leader will assume office with a majority of 20 votes, not counting the nine Independents which would largely gravitate to the winning side. The Conservatives concede that they have met their Waterloo.

ILLINOIS DEMOCRATS.

John P. Altgeld Renominated For Governor Against His Own Opposition.

PEORIA, Ill., June 24.—John P. Altgeld is the nominee of the Democratic party for governor of Illinois. He was unanimously placed at the head of the ticket yesterday afternoon. He had no opposition and a few moments before the honor was thrust upon he declared that he did not want it. He said so at the conclusion of one of the most impressive speeches ever made before a Democratic convention. He said that he was physically unable to make the fight, and his financial affairs were in bad shape and needed his attention. No sooner had he mentioned his desire to retire from public life than there came an impassioned shout of disapproval, not only from the delegates, but from thousands of people who were crowded in the hall.

It was a strange convention and will not soon be forgotten. It was in session only a little over five hours. Nearly all the candidates were nominated by acclamation.

There was no strife. There were no acrimonious speeches save those directed against the enemy.

The convention came out strongly for free silver, and so instructed its delegates at large to the national convention. The platform was almost diametrically opposite in all its parts to that of the Republican party, and the 1,065 delegates voted unanimously for its adoption.

TEXAS DIVIDED.

There Are Two Wings of the Democratic Party in That State.

AUSTIN, June 24.—The two wings of the Democratic party met in separate session yesterday for the purpose of electing delegates to the Chicago convention, and as both factions held separate conventions there was very little friction between either meeting.

The gold standard convention decided to thoroughly reorganize the Democratic party in Texas by electing a new executive committee and calling of a state convention at Waco on Aug. 25 to nominate a full state ticket from governor down.

From this it is easily inferred regardless of whether they are recognized at Chicago or not, the gold men propose to fight in the state and their avowed intention as promulgated yesterday is to give no quarter to the silver men. They selected delegates to Chicago and also elected presidential electors. The platform adopted was strongly laudatory of Cleveland and Carlisle.

The silver men in their convention spent the entire day in arranging organization. There is no particular fight in this convention, save in the matter of a few delegates to the Chicago convention wherein some are trying to down Congressman Bailey, who is very anxious to get on the delegation.

WISCONSIN DEMOCRATS.

Gold Standard Advocates Chosen at the Milwaukee Convention.

MILWAUKEE, June 24.—Free silver developed unexpected strength in the Democratic state convention yesterday. Until within three weeks the gold standard adherents were supposed to overwhelmingly be in the majority in the Wisconsin Democracy, but when the test vote came yesterday afternoon on the adoption of the minority and majority reports from the committee on resolutions, the silver men were found to number 128 of the 340 of the delegates in the convention.

The delegates at large to the national convention are all gold standard advocates and are headed by General William F. Vilas and Edward S. Bragg. The district delegates chosen yesterday by the district delegations include several silver men, but will be governed by the unit rule. They have no preference for a presidential nominee.

WASHINGTON, June 24.—The treasury yesterday lost \$60,700 in gold coin and \$15,900 in bars, which leaves the true amount of the reserve \$102,175,840.

BUCKEYE DEMOCRATS

Silver Men in the Majority at the State Convention.

NEARLY 600 OF THE 750 VOTES.

Seventeen Districts For Silver and Four For Gold—Important Decisions of the Supreme Court—Jury Secured in the Stone Murder Trial—Various Other Ohio State News Dispatches.

COLUMBUS, O., June 24.—The preliminary meetings last night showed that the silver men have almost 600 of the 750 delegates to the Democratic state convention which meets here today.

At the district meetings the silver men carried 17 of the congressional districts and the gold men four. The committee on resolutions and other committees, including the state central committee, stand 17 to 4.

The Ohio delegation to Chicago, when the delegates are all chosen, will probably stand 38 to 8 for free silver, although the silver men claim 40 to 6. With their large majority in this convention the silver men intend to instruct the Ohio delegation for free coinage and to vote as a unit, so that the four gold districts, which include the cities of Dayton, Hamilton, Toledo and Cleveland will be shut out.

While the instructions on free silver will be ironclad, there will be no instructions for president. Most of the county conventions had endorsed ex-Governor Campbell for president before the tidal wave for silver set in and now the silver leaders claim that Campbell is too conservative on the financial question. Meantime John W. Bookwalter, an original free silver man, who was the Democratic candidate for governor against Charles Foster in 1881, had worked up quite a sentiment in favor of his endorsement for president. Campbell and his friends openly oppose Bookwalter.

The fight between them was stopped yesterday by the friends of John R. McLean, who said they would oppose either instructions or the endorsement of any one for president. It is understood that this movement is in the interest of McLean for the national ticket.

While Campbell, McLean and Bookwalter have their respective followings as the Ohio favorite, Colonel Joseph R. Rickey of Missouri has been active in the interest of Bland for president. General A. J. Warner, president of the American Bimetal League, is also here taking an active part in the interest of the fusion of all silver interests. The silver slate includes John R. McLean, John W. Bookwalter, Allen W. Thurman and L. L. Holden for delegates at large.

Very little interest is being taken in the state ticket. The leading candidates for secretary of state, the head of the ticket, are A. A. Brown of Cincinnati and ex-Congressman S. S. Yoder of Lima.

SUPREME COURT DECISIONS.

Three Cases of Great Importance Finally Disposed Of.

COLUMBUS, O., June 24.—The supreme court yesterday gave a most important decision, bearing upon the state food laws. It is given in the case of the state against L. Draher of Cleveland. In substance it is that the addition of a foreign substance to an article of food is an adulteration, even though it is not deleterious to the person eating it.

The court also decided that the Hard law, laying an excise tax upon express companies of 2 per cent on their gross receipts in this state, is constitutional and valid. It was brought by the Adams, the American and the United States companies. They refused to pay at all two years ago, and last year paid the tax into the hands of the auditor of state and enjoined him from paying it into the state treasury. The tax amounts to about \$12,000 per annum. They will now have to pay up.

A decision was also rendered in the case brought to test the constitutionality of the city government of Akron and involving also that of Youngstown, held the law establishing these governments to be valid.

The court did not decide the cases from Cleveland, Dayton and Hamilton, involving the classification of cities, the most important question to the people of the state now before the court, but as the Akron case involved that question as an important factor, the decision in that case seems to foreshadow a decision from the court upholding the classification of the other cities.

Ready For the Witnesses.

AKRON, O., June 24.—A jury has been secured to try Romie Cotell for the murder of Alvin Stone and wife and Ira Stillson, their hired hand. The 12 men selected are: Sylvester Allen, J. W. Frank, J. H. Collins, W. H. Rothrock, E. D. Coates, Phil Nailer, J. O. Carr, Joseph Dotson, Charles Murdock, J. R. Mell, William Schroeder, Horace Haggerty. Attorney Sadler, assisting Prosecutor Wannemaker, made the opening address. He said the boy was sane; his confession was voluntary, and that assault was his motive.

CHICAGO, June 24.—Mrs. Elizabeth Curry, wife of Daniel Curry, who was hanged for his share in the Phoenix park murders in Dublin in 1882, died in this city yesterday.

Belasco's Fee.

NEW YORK, June 24.—The jury gave David Belasco \$16,000 in his suit against Fairbanks of Chicago for suing Mrs. Leslie Carter for the str

STILL SCOLDING.

London Newspapers Are Very Much Vexed With Venezuela.

LONDON, June 24.—The Globe commenting upon the arrest of the crown surveyor of British Guiana by Venezuelan troops says: "The Venezuelan government has repeated an insult to Great Britain, with which even American spread-eagleism could not sympathize. It looks as if President Crespo was thinking of the approach of the presidential election in the United States, and was anxious to force a collision with Great Britain before the question has lost its electioneering value."

The St. James Gazette, referring to the same subject, says: "This last impertinence is a repetition of the Uruman and other affairs during a half century and yet Venezuela has never apologized. Are we waiting to see the opinion which the American committee will reach upon the various historic questions which it is investigating in a languid way? If we are going to ignore the insolation of Caracas out of regard for the susceptibilities of Washington, our patience will not wait for exercise."

The Standard says: "Venezuela may contest or deny our rights to the tract beyond the Guyini, but we can not be expected to tolerate their exercise of sovereignty there. Such a pretension to enforce a title which the other does not recognize would not be permitted by powers of anything like equal strength, and though we are most reluctant in a contention with a weaker state, to rely upon our superiority of resources, there must be some bounds to our forbearance."

Chamberlain Is Mum.

LONDON, June 24.—The secretary of state for the colonies, Mr. Joseph Chamberlain, was questioned regarding the action which the government would take in regard to the arrest of Mr. Harrison, the crown surveyor of British Guiana, by Venezuelan troops. Mr. Chamberlain declined to say anything upon the subject and would in no way give any hint as to what the government intends to do in the premises.

DRIVEN INSANE.

A Young Woman Deserted on the Eve of Her Wedding.

PALATKA, Fla., June 24.—Miss Laura Nagle, a beautiful young woman of this place, who disappeared three weeks ago, decked in her bridal garments, has been found. At the hour fixed for the marriage ceremony a telegram was received from Orlando, the home of the lover, announcing that he had married another.

Miss Nagle seemed to bear the shock bravely, until the guests had departed, and then she broke down completely. That night she disappeared from home, taking with her the wedding dress and bridal veil. Her father, who is wealthy, has since exerted every effort to find the missing girl. He employed men to search for her, but the quest was in vain, until yesterday afternoon, when she was found in a dense swamp many miles from her home.

Miss Nagle was sitting on the bank of a small stream looking at the reflection of her features in the water and moaning: "Wasn't I pretty enough for him?" She was entirely unclothed, but by her side was all the wedding finery. When the men approached she turned on them and fought them fiercely. She was finally overcome and taken home.

During her stay in the woods she had subsisted on fruits and berries. She was greatly emaciated and the mosquitoes and other insects had well nigh killed her. She raves continually of the lover who played her false, and she will be taken to a retreat for the insane.

SECRET SOCIETY LOSES.

An Expelled Member's Life Insurance Must Be Paid.

MOUNT VERNON, Ill., June 24.—The Illinois appellate court for the Fourth district has handed down an opinion declaring that where a secret society expels a member the court may inquire into the expulsion and see whether or not it is just and ought to have been made.

The case passed upon is that of the Modern Woodmen of America vs. Anna Deters, on appeal from St. Clair county. August Deters was a member of the Modern Woodmen. He held a benefit certificate in the order for \$2,000, payable to his wife, Anna Deters, in the event of his death while in good standing in the order, but if he were to be expelled while holding the certificate the same should be null and void.

He was expelled while holding the certificate and shortly after he died. His wife brought suit upon the certificate, claiming the expulsion to have been unfair and illegal. The order claimed the expulsion could not be looked into by the courts. The appellate court held such expulsions to be proper subjects of judicial inquiry and gave judgment in favor of the beneficiary on the certificate.

Lost His Life to Save Another.

AKRON, O., June 24.—A. K. Makepeace, a Cleveland and Akron brakeman, rescued a bicyclist who had ridden under the crossing gates Monday night, just saving him from being struck by a train. Makepeace fell himself, and being struck by the train, died of his injuries yesterday. He leaves a wife and two children.

Stock Drowned in a Freshet.

WEST UNION, O., June 24.—Heavy rain flooded the Moore's run bottoms, doing great damage. Light buildings were washed away, but no fatalities were reported. A large number of sheep and hogs were drowned.

SWINDLER ARRESTED

He Has Eluded the Officers For Three Years.

HIS VICTIMS WERE NUMEROUS.

He Claimed to Be an Agent to Distribute Campaign Funds For the Present Administration—A Fee Exacted of His Dupes—He Has Operated in Texas, Missouri and Tennessee.

KANSAS CITY, June 24.—The Journal announces the arrest at Neosho, Mo., by Deputy United States Marshal Pearson, of a swindler who had eluded the agents of the treasury department for three years. The chief of the gang who is known as J. R. Bell, alias James F. Swartz, is in jail at Springfield. Along with him are N. M. A. Maginnis and Thomas Robbins, heretofore respectable citizens of Nevada, who are said to have become his dupes. Bell claimed to be a secret agent of President Cleveland's administration and carried an alleged commission bearing the signature of W. Q. Gresham, secretary of state, and dated Aug. 13, 1894.

The pretended mission of the swindler was to distribute campaign funds for the national administration and he claimed to be able to give out to favored ones greenbacks that had been presented to the government for redemption and cancellation. He claimed that instead of destroying these bills, the administration stored them in the treasury vaults to be distributed by him for campaign purposes.

From each of his dupes the swindler exacted an initiation fee of \$250, and he represented to them that the number of citizens admitted to the brotherhood was so regulated that each member would be given \$4,000 annually to distribute.

Notwithstanding that the scheme was clearly fraudulent, the authorities have evidence that the swindle has been extensively worked in Texas, central Missouri and Tennessee.

The swindler was greatly assisted in convincing his dupes by an accomplice in Washington, from whom he received a daily mail, including treasury reports and other statements that were apparently sent to him in franked envelopes. These were exhibited as an evidence of his authority. Bell, or Swartz, claims to be a Californian.

REVOLT IN PERU.

It Is Feared That the Whole Country May Soon Become Involved.

NEW YORK, June 24.—A dispatch to The Herald from Panama, Colombia, says: It is stated here upon good authority that the revolt which started at Iquitos, Peru, a few weeks ago continues to gain in strength and adherents, and if the expedition, part of which has left the capital for Loreto, the disturbed province, is not strong enough to crush it—for the revolted number several thousands—then it is feared that the whole country will soon be in revolt.

Seminario, who is at the head of the revolt, will soon be joined by the minister of finance during Careres' administration.

The government recently opened an extra credit of 200,000 soles in treasury bills for the expedition to suppress the revolution, but that amount was regarded as ridiculously small, it being believed at least 1,000,000 soles would be required.

END OF A SENSATIONAL TRIAL.

Mrs. Alice Fleming Not Guilty of Poisoning Her Mother.

NEW YORK, June 24.—Mrs. Alice Fleming, charged with killing her mother by administering poison in clam chowder, was declared not guilty yesterday after a trial lasting into the second day of the eighth week. The trial has been sensational in the extreme. Mrs. Fleming and her mother, Mrs. Bliss, got along badly. An estate of \$80,000 was coming to Mrs. Fleming at her mother's death.

When the mother was found dead the daughter was arrested. She pleaded not guilty. On the trial several disgusting and unprintable letters from Mrs. Fleming to a male admirer were read. The crowds at the trial has been very large and a small panic resulted from the crush on Monday morning. The jury retired on Tuesday afternoon.

Thousands of People Will Call on Major McKinley Next Saturday.

CANTON, O., June 24.—Arrangements were made last night for a ratification meeting next Saturday in which thousands of people, headed by the Tippecanoe club of Cleveland, will take part. Mr. Thomas W. Keene and Charles E. Hanford of New York called on Governor McKinley yesterday afternoon to make arrangements for the event. General Charles H. Grosvenor has wired that he will speak at the ratification meeting here Saturday night.

The formal notification committee, headed by Senator Thurston, will probably reach Canton from Cleveland next Monday morning at 9 o'clock and take lunch with Governor McKinley.

Close of a Successful Session—Distribution of Premiums.
Lawn Party.

The closing exercises of St. Patrick's Parochial School took place last night after a very successful session. The entertainment was given in the school rooms, the temporary partitions being removed, throwing the three rooms into one. The hall was tastefully and beautifully decorated and was crowded to its full capacity. The little fellows acquitted themselves very well, and several of the older boys are very bright and we predict for them a great future. The teachers, Misses O'Hare and Platt, are evidently painstaking and prudent teachers to bring the boys up to the high standard displayed at the closing exercises.

Two of the pupils have finished their studies at this school and will start next session to the public High School. Following was the program:

Strong Nerves

Nerves just as surely come from the use of Hood's Sarsaparilla as does the cure of scrofula, salt rheum, or other so-called blood diseases. This is simply because the blood affects the condition of all the

It made pure, rich, red and vitalized by Hood's Sarsaparilla, it carries health instead of disease, and repairs the worn, nervous system as nothing else can do. There is strong talk among the tax-payers of east Aberdeen of getting up a petition asking the "council" to separate them from the town and consider them out of the corporation. Then probably they can get a council who will think of their wants and need as well as having all the town pumps on Gum street or in western part of town. Then if we need dry goods we will not feel under obligations to Aberdeen. If we wish to water our gardens with well water, whose business is it?

WASHINGTON, June 24.—The post-office department has issued notifications to postmasters at all offices where Indian schools are located to deliver the mail addressed to minor pupils of those institutions to the superintendents of the schools who will have full control over it. This is the outcome of a number of complaints which have been made to the Indian bureau that girls at these schools are receiving obscene and other unmailable literature.

Mr. A. H. THOMPSON is in receipt of a letter from his cousin, Dr. Hearne, of San Diego, Cal., in which the latter expresses great confidence of winning his suit against the San Francisco Chronicle for \$100,000 damages for libel. At the recent trial the jury hung, standing 8 to 4 in the Doctor's favor. Some were for giving him \$80,000, the lowest amount any of the eight were in favor of being \$35,000. The four who hung the jury consented to compromise on \$5,000, but the eight would not agree to this.

"GOOSE EGGED."

That's What the Maysvilles Did to Portsmouth Yesterday—Leever's Great Pitching—Wadsworth's Fine Work.

What the Maysvilles did to the Portsmouth team Tuesday afternoon was a plenty.

Nine big goose eggs were all the visitors got.

It was as clean and as pretty a coat of whitewash as any club ever received at the local park. The visitors never reached second base.

The Maysvilles played a snappy game from start to finish, and had the crowd cheering all along. That's the kind of playing lovers of the sport like to see, and the boys should keep it up.

The features of the game were Leever's great work, both in the box and at bat, and Wadsworth's sensational catch in left center.

Leever was at his best, and had the Portsmouths completely mystified. His delivery was too puzzling, and they got but three hits. Seventeen of them struck out, although the summary credits Leever with only fourteen strike-outs. Three of the men who struck out tried to reach first and were thrown out by Kellner. Leever also did great work with the stick. In five times at bat, he got four hits, two of them two-baggers.

Wadsworth made one of the most sensational catches ever seen on the grounds.

A long fly was hit to left center. Wadsworth and Rogers, who was in right, both started after it. Everybody thought it was a safe hit, but Henry by some lively springing got the ball with his right hand when it was within a foot of the ground. The catch brought down the grand stand, and Henry was given a rousing reception.

Elberfeld hadn't arrived and Sutherland played second, Cox looking after first, Lucas having been released. The team put up a nice game throughout.

Dunham, who pitched for Portsmouth, was wild at the start, but after the fourth inning did good work. He is a strapping big fellow, and with experience promises to come to the front. He struck out nine men yesterday. His support was fairly good. The Portsmouth fielders are slow in going after the ball.

Here's how the runs were made. Lautenbach opened with a single. Kellner was hit by pitcher. Leever singled. Sutherland was hit by the pitcher. Cox followed with a single. Three runs were scored. In third, Leever's two-bagger, Sutherland's base on balls, Cox's bunt hit, Wadsworth's base on balls, a passed ball, Newton's base on balls, and an error at short netted the locals four more runs. In fourth, Sutherland was hit by pitcher, and then stole second. Cox got his base on balls, but was forced at second by Wadsworth. Mead's throw to first to double Wadsworth was wild, and Sutherland scored. In the eighth, two-baggers by Leever and Sutherland gave Maysville her last run.

Earned runs, Maysville 6. Two-base hits, Leever 2, Sutherland. Stolen bases, Sutherland. Wadsworth. Double play, Severs unassisted. Hit by pitched ball, by Dunham 2. Struck out, by Leever 14, by Dunham 9. Passed balls, Claggett. Wild pitch, Dunham. Time of game, 1:55. Umpire, Frank Purnell.

The teams play again this afternoon. Captain Seever will pitch for Portsmouth

and Newton will do the twirling for the locals with that strong left arm. Their shut-out yesterday will make the Portsmouths play all the harder to-day, and the game will be lively. The attendance yesterday was good notwithstanding the rain in the morning and the threatening weather. To-day should bring out one of the largest crowds of the season. The boys are playing great ball and deserve big crowds.

Desha Lucas and Ed Shinnars are organizing a team at Paris.

The Cincinnati Reds are booked for two games here this season—July 17th and August 17th.

The Portsmouths are gentlemanly ball players and are all strapping big fellows. Captain Seever cautioned them about "talking back" to the crowd when the rooters were chaffing them.

THE CONVICT PROBLEM.

Governor Bradley and His Administration Not a Blooming Success in Looking After the "Pens."

FRANKFORT, Ky., June 20.—The State Board of Sinking Fund Commissioners, who are ex-officio penitentiary managers in this State, are confronted with an expensive and perplexing problem.

In the two penitentiaries of the State there is a total population of 1,300. At present these convicts are idle.

The Eddyville, or branch penitentiary, recently burned, entailing a loss of about \$100,000 on the State, and rendering idle the convicts here till the penitentiary could be put in condition for operation again. Pending arrangements there and a settlement of other complications, the lessees of the Mason-Ford Company have abandoned their lease of the convict labor, and have thrown back upon the State the entire burden of taking care of that big institution. The State, through Attorney General Taylor will bring suit against the lessees for damages, and will also sue for a big sum of back dues alleged to be owing. The lessees will attempt to offset this with alleged claims against the State. Long and expensive litigation will be the result.

The Frankfort Penitentiary has been wholly idle for two years past, but has resumed work at last, and will turn out thousands of chairs weekly, but the contract for the output of this also hangs fire and has not yet been let.

It was estimated that the two great institutions ran behind over \$50,000 when the regular income from them was turned into the State treasury, but at present the expense account is by far the largest drain upon the State treasury of any character. The penitentiary situation has become so grave that Gov. Bradley is again being urged to call the Legislature into session to enact some sort of policy to put it on a safe basis.

Abandonment of the Eddyville Penitentiary is also being urged by some of the commissioners on the ground that it is unfitted on account of location and otherwise for a penitentiary, and they recommend that it be utilized as a house of reform.

A WOMAN never really knows the meaning of happiness and content until she is the mother of a healthy, happy child. The health of the child depends on the health of the mother, both before and after birth. Most all of woman's weakness and particularly the weakness that most strongly influences the health of children, comes from some derangement or disease of the distinctly feminine organs. Dr. Pierce's Favorite Prescription will cure troubles of this nature. It should be taken regularly by every woman during the entire period of gestation. It gives strength to all the organs involved, lessens the pains of childbirth and insures the health of both mother and child.

Light Wheat crop.

LOGANSPOUT, Ind., June 24.—Much of the wheat in Cass county has been cut. The harvest is the earliest for years and the crop very light owing to the ravages of the fly and the chinch bug. Many hundred acres were plowed under and the average will not be more than 10 bushels an acre.

INDIANA DEMOCR.

Free Silver and Governor Matthews Have Captured the State.
INDIANAPOLIS, June 24.—Today's Democratic state convention is the largest ever held by the party in this state. The city is filled with the Democracy of Indiana and all are howling for Matthews and free silver.

The district meetings held last night to select delegates to the national convention were held without contests except in the Seventh district, where two sets were selected.

The committee on credentials which is now in session will decide which set will go to Chicago. As it stands 12 to 1 for free silver it is probable that the contesting silver delegation will be seated. This will send to Chicago W. E. English and Charles M. Cooper.

All of the delegates are for free silver except W. E. English whose personal sentiment is for gold, but he is an enthusiastic friend of Matthews and was the governor's choice. He has agreed to stand by the majority and vote for Matthews and silver.

The financial plank of the platform reads as follows:
"We demand the immediate restoration of silver to the place in our monetary system it occupied previous to 1873, and we favor free and unlimited coinage of gold and silver at the ratio of 16 to 1."

A demand for the election of United States senators by the people is clothed in this language:

"The scandalous campaign for the United States senatorship now being conducted by two millionaires of Indiana gives emphasis to the necessity of the election of United States senators by a direct vote of the people."

It is said there is no mention of Cleveland's administration in the platform prepared, but that this will be left for a minority report to be made by some gold man on the resolutions committee.

GEORGIA DEMOCRATS.

The Silver Men Will Have Everything Their Own Way.

MACON, June 24.—The advance guard of the delegates to the state Democratic convention, which meets here on Thursday, are arriving on every train. While it is a foregone conclusion that the silver men have everything they want, the attendance on the convention will be very large. The financial plank of the platform will be unqualifiedly for silver.

Hon. Steve Clay, chairman of the state executive committee, will be the permanent chairman of the convention and there is some inclination on the part of the silver people to give the permanent chairmanship to an anti-free silver man. Governor Atkinson, Congressman Crisp and their friends are among the late arrivals.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. Afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
